ORGANIC GARDEN

Our organic garden has been cleverly designed with rain water collection and irrigation system, and crop rotation to reduce impact on the land and water consumption. Our gardener and his team work closely with the Head Chef to ensure fresh produce from peppers, lettuce, onions to melon, tomatoes and herbs, all year round.

CULINARY EXPERTISE

Our highly trained Head Chef and his talented team work hard to develop stunning dishes influenced by a worldwide palate. From breakfast cooked to your specific taste, through lunch to your evening meal, our chefs' aim is to delight, impress and satisfy.

The team love to create irresistible sweet treats to provide the perfect finish to a delicious meal. Look out for the handmade chocolate truffles and fruit fusions at dinner and our special Mara Engai muffins at breakfast.

DAILY GAME DRIVES

Unique to Mara Engai Wilderness Lodge are our Pinzgauer vehicles which offer a whole new experience when it comes to game drives; offering greater comfort and agility. Game drives are scheduled twice a day in the rich Mara Triangle, which is accessed via our private road.

MIGRATION

Around July-September each year, herds of Wildebeest migrate north from the Serengeti plains in search of the fresh pasture of the Masai Mara. The Great Migration is one of the most impressive natural events worldwide, involving some 2,000,000 wildebeest, Thomson's gazelles, Topi, elands, and zebras. These migrants are closely followed by hungry predators, lions, crocodiles and hyena.

Mara Engai Wilderness Lodge is advantageously positioned to provide front row seats to this, one of Mother Nature's most spectacular shows on earth.
